Redline Review Log Items

1. **PASS — Immediate-heirs limitation.** Exhibit A identifies Edward Joseph Young IV and John Nelson Young only and excludes broader heirs, descendants, spouses, successors, estates, assigns, and future generations.
2. **PASS — Seven-day week.** Exhibit A defines one week as seven consecutive days, Sunday through Saturday.
3. **PASS — Request and confirmation dates.** Requests occur during the preliminary scheduling period in the last week of January; the annual schedule is finalized by the end of March.
4. **PASS — Scheduling fairness.** Trustees must consider equitable distribution of prime vacation weeks among users over time.
5. **PASS — Trustee scheduling discretion.** Final scheduling remains in the sole discretion of the Trustees.
6. **PASS — Guest/use restriction.** Guest approval uses “Trustees”; the assigned week cannot be transferred to another person; one named user must be present for permitted guest use.

7. **PASS — Care clause.** The care/condition obligation remains in the agreement after the added use restrictions.
8. **PASS — Re-entry catch-up costs.** Re-entry terms may include repayment or catch-up payment of expenses, taxes, insurance, maintenance, improvements, and other Trust costs previously paid by active beneficiaries.
9. **PASS — Surviving-spouse termination and reabsorption.** Exhibit D covers death, inability to use the property, voluntary relinquishment, or nonparticipation and prevents passage to the spouse's heirs, estate, later spouse, or a non-descendant of the original beneficiary.
10. **PASS — Same-branch-first redistribution.** Exhibit D first reallocates a declining or nonparticipating descendant's share within the original beneficiary's branch; only if no descendant of that branch participates does it redistribute among remaining active branches.
11. **PASS — Standalone rental liability waiver.** The separate waiver covers assumption of risk, no lifeguard, rocks and lake conditions, watercraft, injury/death, release, indemnification, guests, minors, emergency responsibility, and signatures.

Approved Exhibit A Draft Handoff Items

12. **PASS — Limited Use Right title.** "Lifetime Use Right" was replaced with "Limited Use Right."
13. **PASS — Core forfeiture and release.** Elizabeth forfeits her beneficial interest; Edward and John forfeit claims through her; all three are released from Trust financial obligations; they share one aggregate week rather than receiving one week each.
14. **PASS — Trust-ownership condition.** The use right exists only while the Trust remains in existence and owns the Camp Property.
15. **PASS — Scheduling participation methods.** Participation can occur in person, by telephone, video conference, or another Trustee-approved method.
16. **PASS — No scheduling delay or reopening.** The annual process is not delayed, reopened, or held open because the named users fail to participate or respond.
17. **PASS — Annual waiver/no carryover.** Failure to participate or timely request dates waives that calendar year's week; no carryover or make-up week is owed.
18. **PASS — No ownership or buyer burden.** The right creates no ownership, beneficial, leasehold, easement, lien, first-refusal, or voting interest and no right against a purchaser or future owner.
19. **PASS — Personal and non-inheritable.** The right cannot be assigned, transferred, sold, leased, conveyed, inherited, or exercised by another person and does not pass to heirs, spouses, descendants, estates, trusts, creditors, assigns, or successors.
20. **PASS — Individual death termination.** The right ends for Elizabeth, Edward, and John individually upon each person's death and ends in all events upon the deaths of both Edward and John.
21. **PASS — Explicit non-perpetual/dissolution termination.** A standalone section is titled "Non-Perpetual Nature and Automatic Termination of Limited Use Right." It begins: "THIS LIMITED USE RIGHT IS NOT PERPETUAL." It automatically and permanently terminates if the Trust is dissolved, terminated, ceases to exist, or stops owning the property. No compensation, replacement property, substitute week, carryover week, or purchaser/future-owner right is owed.
22. **PASS — Conforming documents.** The Non-Judicial Settlement Agreement, Final MOU, Exhibit A website text, and downloadable PDFs use the Limited Use Right terminology and contain the scheduling and automatic-termination rules.

Later Requested Changes

23. **PASS — Absolute no-rental rule.** Renting, leasing, subleasing, licensing, advertising, assigning, exchanging, bartering, or accepting money or other consideration is prohibited under all circumstances, whether or not a named user is present.
24. **PASS — Young-family and guest assumption of risk.** Elizabeth, Edward, John, and their guests use the property entirely at their own risk and assume risks of accident, bodily injury, illness, death, and personal-property loss or damage.
25. **PASS — Trust no-liability provision.** To the fullest extent permitted by law, the Trust, Trustees, beneficiaries, agents, and representatives are not liable for the covered harm; the named users must inform and supervise guests and minors.

Final Result

25 of 25 requirements: PASS. No listed approved item remains unaccounted for.

The primary signature document is FINAL – Elizabeth Mary Young – One Week Limited Use Agreement.pdf. The most prominent non-perpetual and dissolution language appears in Section VI.
